

EHS POLICY STATEMENT

KLAN Logistics is a Transport and Logistics service provider. We put health and safety at the forefront of our service process and are committed to the prevention of environmental pollution and providing a safe, healthy workplace and work environment for our employees, contractors, visitors, and the general public by ISO 14001:2015 and OHAS 45001:2018.

WE COMMIT TO:

- Prioritise the safety and well-being of our workforce, contractors, and the public.
- Promote preservation and minimise our business's environmental impact.
- Respect rights and foster social and economic development in localities where we operate.
- Adhere to EHS laws and standards while continually improving our performance.
- Cultivate a working environment of integrity, equality, and compliance with legal requirements.
- Implement an EHS management system for continuous improvement and reporting.
- Engage stakeholders on and provide clear, accurate and objective information on our EHS performance.
- Extend EHS principles to our supply chain where practical.
- Demonstrate unwavering commitment to business integrity and EHS excellence.
